European Patent Office

80298 M U N I C H

02 77 5909.1 / 1328199

Patentee: Boston Scientific Limited

Opponents by: MTW Endoskopie W. Haag KG; Cook Medical Technologies LLC; Micro-Tech Europe GmbH; Micro-Tech (Nanjing) Co. Ltd.

Vossius Ref.: **X1901 OPP(EP) S5**

(Please note our updated reference)

München, February 08, 2021

AA/RSA/IFI

This is in response to the Intervention filed by Micro-Tech (Nanjing) Co. Ltd. on 27 August 2020:

I. Admissibility of the Intervention

The Intervener (hereinafter also referred to as "O4") alleges to have been served with an infringement action of November 2018 only on 28 May 2020. No proof appears to have been provided in this respect. Admissibility of the intervention is thus contested.

II. Articles 100(b) and 100(c) EPC

O4 merely refers to the objections raised by the other Opponents. These objections have already been addressed by the Opposition Division in its preliminary opinion of 27 January 2020. The findings have again been confirmed in the
