### Communication of a notice of opposition

You are hereby informed of a notice of opposition to the European patent specified above (see attached copy in the enclosure). The documents specified as patent documents and as non-patent literature in the notice of opposition are available for inspection via the European Patent Register at [www.epo.org/register](http://www.epo.org/register). Should you wish to receive these documents in paper format, they will be supplied to you free of charge if specifically requested on receipt of this communication (see OJ EPO 2020, A106).

If oral proceedings are to take place, parties are advised to check the electronic file via European Patent Register in advance of the hearing to ensure they are in possession of all relevant documents.

An invitation to file observations and to file amendments, where appropriate, to the description, claims and drawings (R. 79(1) EPC) will be issued separately.

The period within which such observations may be filed will not be fixed until the following conditions are met:

- (a) the opposition period has expired;
- (b) the notice of opposition has been examined for certain formal requirements (R. 77 EPC).

### For the Opposition Division

Enclosure: Notice of opposition
