5 **Request for registration in the European Patent Register of the transfer of European patent applications/patents**
From: 3M Innovative Properties Company
To: Solventum Intellectual Properties Company

Dear Sirs,

10 Per the enclosed transfer request form 5050 we herewith request the transfer of 561 European patent applications/patents from 3M Innovative Properties Company to Solventum Intellectual Properties Company.

The required administrative fees have been paid via the EPO Central fee payment.

15 Further enclosed please find the Assignment as proof of the transfer together with Exhibit A listing the patent applications/patents concerned. Additionally, we are going to send an e-mail to support@epo.org with an Excel file of all cases for easier processing.

Please note that the official representatives listed in your files should remain unchanged.

Should you require further information or documents regarding the subject transfer request, please contact the undersigned.
